AMENDMENT

Sir:

IN THE CLAIMS:

The claims have been amended as follows:

--1. (Amended) A method of processing an online purchase request from a customer to a vendor, comprising the steps of:

receiving a first online purchase request for a first item;

91 responsive to receiving the first online request, providing a bifurcated order processing route that requests the customer to choose a first order processing route or a second order processing route, the first order processing route causing the first online purchase request to be processed according to an express processing procedure that requires no further input by the customer to execute the first online purchase request, the second order processing route causing
